Recommendation Letter

Our company cooperate with Thermo Pack, in sphere of filling equipment. We can say that it was great pleasure, to work with their managers during whole project. Supplied equipment for our company, meets the requirements that were charged. We ordered 5l filling line and it is now working on our plant. All issues, in case of appearance, were resolved in working order.

So, we can recommend Thermo Pack as a reliable supplier that can answer on all your questions and perform their best in filling equipment.
